# 90% OF WA'S GAS IS EXPORTED

**MOSTLY ROYALTY FREE**

Source: AEMO (2023) Gas Statement of opportunities WA

Meanwhile, Western Australian customers are short of gas and are paying ever higher prices.

WA is awash with gas. The confected gas shortage is a ruse by global oil and gas companies to gouge consumers and justify massive new export projects. The end result is an industry that gets a free ride, and Western Australian taxpayers miss out.
